

EZEQUIEL CASTIONI

Full Stack JavaScript Developer | Blockchain & Cybersecurity

EXPERIENCE

Velisse (ARG) – Product Engineer - www.velisse.com.ar - Oct 2025 - Present

- Designed and developed a platform that digitized business operations and e-commerce workflows.
- Built customer, order, inventory, analytics, and reporting modules.
- Integrated Mercado Pago for online payments and automated order processing.
- Developed the full stack, including frontend, backend, APIs, and database architecture.
- Implemented MCP server for business insights.
- Stack: React, Node.js, Express.js, PostgreSQL, Tailwind CSS, MCP, Linux, VPS.

YesLawyer (USA) – Front-End Developer - www.yeslawyer.com - Jan 2025 - Oct 2025

- Developed web applications using Next.js.
- Integrated payment platform (Stripe).
- Reviewed and corrected code and pull requests from junior developers.
- Managed application deployment and updates.
- Integrated OpenAI API to summarize legal cases and generate overall case insights and scoring.
- Stack: HTML, CSS, JavaScript, React (Next.js), Tailwind CSS, GitHub.

Juntoz (PERU) – Front-End Developer - www.juntoz.com - Dec 2023 - Jan 2025

- Migrated legacy e-commerce web application to a modern dashboard (Next.js, TypeScript).
- Created HTML email templates for notification and transactional emails.
- Handled version control and deployments across different environments using Azure.
- Stack: HTML, CSS, JavaScript, TypeScript, React (Next.js), Bootstrap, Vite, Azure.

NextMed (USA) – Front-End Team Lead - www.nextmed.com - Sep 2022- Dec 2023

- Developed front-end features, integrating payment systems (Stripe, Seamlesschex).
- Reviewed and corrected code and pull requests from team members, mentoring juniors and evaluating performance.
- Actively wrote code, implemented UI components, and translated requirements from stakeholders into functional features.
- Coordinated with project managers and stakeholders to define priorities, plan tasks, and track progress.
- Stack: HTML, CSS, JavaScript, React (Next.js), Tailwind CSS, Github.

Redlo (PERU) – Full Stack Developer - www.redlo.com.pe - Mar 2022- Oct 2022

- Developed front-end features, implementing UI components based on design specifications.
- Back-end APIs with Node.js, Express, and Sequelize, handling user authentication, routes, and database migrations.
- Collaborated on full-stack development tasks, integrating front-end and back-end workflows.
- Stack: JavaScript, React, Bootstrap, Node.js, Express, Sequelize, PostgreSQL.

More Personal & Freelance Projects Details – Full Stack Development - Feb 2021 - Present

- Developed and deployed full-stack web applications using React, TypeScript, Node.js, Express, and PostgreSQL.
- Managed Linux VPS infrastructure, Nginx configuration, DNS, SSL, and third-party API integrations.
- Built and maintained complete end-to-end solutions from architecture to production deployment.

Tarquini Revestimientos (ARG) – IT Systems & Networks Technician - Sept 2017- Jan 2019

- Performed daily maintenance of computer equipment, printers, and local networks. Configured and optimized hardware and software, provided technical support to employees, assembled workstations, and installed security camera systems.

CURRENT STUDIES

Ekoparty Hackademy – Fundamentals of Hacking and Defense (ARG) - Aug 2025 - Present

- Enrolled in the 160-hour program covering seven core modules in cybersecurity and offensive defense.
- Attending synchronous and asynchronous classes focused on hacking fundamentals, network security, and defensive strategies..
- Gaining practical experience with real-world cybersecurity scenarios and hands-on labs.

Blockchain Accelerator – Smart Contract Development & Security (SPA) - May 2026 - Present

- Solidity & Ethereum Smart Contract Development
- DeFi Protocols (Staking, Lending, AMMs, Yield Farming)
- Smart Contract Security & Auditing
- Foundry, Remix, Chainlink, Web3 Integrations
- ERC-20, ERC-721, DAOs, Upgradeable Contracts
